SKILLS

Swift
Objective-C
SwiftUI
React Native
Kotlin
React JS
Alexa Skill Kit
Auto Layout
Android

LANGUAGES

English
Tamil
Malayalam
Hindi

HOBBIES

2D Animation
Video Editing
Biking / Moto Vlogging
Plays Chess, Cricket, TT & Badminton

Abilash Balasubramanian

I am a self-taught mobile application developer with over 11 years of experience and a deep passion for coding. As a seasoned Senior iOS, Android, and React Native developer, I specialize in building high-quality, scalable apps using SwiftUI, Kotlin, and modern architecture principles. I also integrate cross-platform solutions using React Native and build AI-driven automation tools to bring innovative, future-ready ideas to life.

WORK EXPERIENCE

Senior Software Engineer

Jan 2026 – Present

Best Buy Inc · India

- Led migration of the React Native app to the New Architecture, improving overall app performance by ~50% and cutting startup time from ~2s to ~1.5s on key devices.
- Diagnosed and resolved production crashes and performance bottlenecks using Xcode Instruments and React Native DevTools, boosting app stability and user experience.
- Mentored junior engineers, hosted daily standups and internal tech sessions, and contributed innovation-week ideas that were recognized with an internal award.

Senior Software Engineer

Feb 2024 – Jan 2026

Diligent Corp · India

- Led modularization of a large Swift codebase and migration of key flows to SwiftUI using Clean Architecture, improving testability and long-term maintainability.
- Refactored critical legacy Objective-C areas into modern Swift modules, simplifying debugging and contributing to a noticeable reduction in production crashes and defects.
- Owned cross-platform feature delivery by building React Native modules and native bridges (Swift/Kotlin), while managing Jenkins/Xcode Cloud pipelines for reliable CI/CD.

Senior Mobile Developer

Jul 2022 – Feb 2024

DBS Bank (Contract) · Singapore

- Designed Swift/Kotlin data flows for native and React Native screens, improving UI responsiveness and contributing to a more stable, crash-free mobile experience.
- Collaborated with frontend, backend, and native engineers in an Agile, Git Flow environment to deliver high-reliability features for DBS customers in Singapore.
- Optimized build and release reliability via Jenkins-based CI/CD and performance profiling, improving app performance and overall production stability.

Senior Software Developer

Nov 2019 – Jul 2022

Reliance JIO Platform · Bangalore, India

- Architected and delivered cross-platform features in React Native with unidirectional data flow, improving in-app performance and UX consistency across iOS and Android.
- Integrated high-performance native Swift/Kotlin modules for real-time updates, camera, and device features, contributing to a stable, near crash-free production experience.
- Partnered with Android and iOS teams to unify React Native architecture, streamline builds, and optimize UI rendering and memory usage using Android Studio/Xcode tooling.

Senior Mobile Application Developer

Jan 2017 – Nov 2019

Cumulation Technology Pvt, LTD · Bangalore, India

- Developed iOS apps for IoT devices using BLE and TCP/IP, ensuring reliable connectivity and smooth smart-device control experiences.
- Built and enhanced production iOS applications in Swift/Objective-C, shipping features to the App Store and iterating based on real-world usage.
- Integrated Alexa, Google Assistant, and React Native modules to enable voice-controlled features and accelerate cross-platform delivery.

iOS Developer

Jun 2015 – Nov 2016

Mobikasa Inc · New Delhi, India

- Developed and maintained iPhone/iPad applications in Swift and Objective-C, delivering new features and fixes into production.
- Worked with designers and backend engineers to define, design, and ship user-facing features in an Agile/Scrum environment.
- Improved app quality by continuously resolving bugs and implementing enhancements while staying current with the latest Apple frameworks and tools.

EDUCATION

Bachelor of Engineering

Jan 2011 – Jan 2015

Adithya Institute of Technology · Coimbatore

- Graduated: 2015

AWARDS

Employee of the Month

2016

Awarded as employee of the month for the period of June 2016.

Outstanding Contributor

2018

Awarded as outstanding contributor for the year 2017-2018.

Star Performer

2021

In contribution to the development of advance video editing functionalities across Android and iOS.
